BRIEF GUIDE TO FIND YOUR LEVEL

This short guide is just a glimpse of what we'll cover in class. Our sessions are interactive, fun, and focused on practicing real-life conversations. Grammar isn't the focus, but it's naturally woven into speaking and homework activities. Levels 1 and 2 are mostly in Spanish, and from Level 3 on, classes are taught fully in Spanish.

- L 1** You want to speak Spanish from day 1! You will learn to introduce yourself, ask and answer basic questions, use everyday expressions, apply hundreds of cognates (Latin origin words used in both languages) and order food!
- L 2** Before enrolling in this level, you should already understand basic Spanish structure—including the difference between masculine and feminine, singular and plural. You're also familiar with basic vocabulary like days of the week, months, colors, seasons, and numbers.
- L 3** You already know the structure of the language and have good vocabulary lists under your belt. You need to be introduced to all the uses of SER and ESTAR, and their expressions, as well as regular verbs in the present tense.
- L 4** You have knowledge of the uses of SER & ESTAR in the present tense, as well as regular verbs. You would like to increase your repertoire and include irregular verbs.
- L 5** You have been exposed to conjugation of regular and irregular verbs in the present tense and would like to begin using direct and indirect object pronouns for a more fluid conversation.
- L 6** You have the regular and irregular present tense verbs under control and now it is time to be introduced to future tenses, as well as reflexive verbs and the imperfect past.
- L 7** You have already studied present, imperfect past and future tenses. You also have experience using object pronouns and reflexive verbs. Now, it is time for you to tackle another past tense: the preterit.
- L 8** You have studied the present, past, and future tenses. Once introduced, you will have the opportunity to expand your skills using prepositional phrases and colloquial expressions among other useful aspects of the Spanish language.
- L 9** You already can speak Spanish with some fluidity. It is time for you to tackle the subjunctive mode so you can express your wishes and opinions about complex topics with more ease.
- L10** You already speak the language with fluency. You have studied and practiced all tenses, including subjunctive. You want to maintain your knowledge and participate in a class where you can converse about interesting topics, but you still want to receive input, correction, and/or suggestions.
